

Residential Building Permit Fees

Effective 2.1.2017

- For estimates please contact a Permit Technician at 425-556-2473 or permittech@redmond.gov.
- Electrical, Mechanical and Plumbing permits are issued separately, see appropriate fee schedule
- **Definition of valuation:** The value of construction shall be based on the value of the work that is being performed. The total value of work shall include materials and labor for which the permit is being sought for. For the construction of new buildings, the building valuation data table located on www.redmond.gov/permitfees shall be used for new square footage based off of type of construction and occupancy.

How to calculate fees:

Step 1: Take total valuation of project and find the range in the Building permit fee table.

Step 2: For applicable plan review fees add Fire, Planning, and Public Works fees and add 65% of the Building permit fee.

Step 3: Add a 3% Technology Surcharge fee (applied to the total permit fees).

Step 4: Add a \$4.50 State Building Code fee.

Please note at time of submittal we collect Plan review fees, Tech Surcharge fee, Planning, Public Works and Fire fees. At issuance the following fees are paid in full: adjusted plan review fees, permit fee, state building code surcharge, and impact fees.
